## PRE-CLASS FABRIC PREPARATIONS AND CUTTING

### Fabric Preparation:

Prior to cutting strips of fabric, prepare and stabilize all of your block fabrics by generously (quite damp; not dripping wet) spritzing them with MAGIC Premium Quilting & Crafting Spray OR Mary Ellen's Best Press (or spray starch) and pressing them until dry with a dry iron on cotton setting. Or, you can spritz the fabrics, press them briefly, then hang to dry or machine dry. Once dry, press out the wrinkles using a steam iron on cotton setting.

### Pre-workshop cutting instructions:

**From each** of the light and dark FQs (the black and white prints in my quilt), cut **one** strip,  $4\frac{1}{2}$ " X 22". Bring the cut strips AND the remaining FQ portions to class.

**From each** of the contrasting color FQs (the red prints in my quilt), cut **two** strips,  $1\frac{1}{2}$ " X 22". Bring the cut strips AND the remaining FQ portions to class.
